

Dr. V.D. Sinha (Short Bio-data)

Presently working as Senior Professor and Head in the department of Neurosurgery, SMS Medical College, Jaipur. I am involved in intensive teaching, paper presentations, and research work besides the administrative tasks of the department. I am appointed as examiner to M.ch programmes in various universities and also actively participate in UG, PG and M.ch training activities.

After my basic M.Ch. degree, I obtained hands on training and fellowship in Ernst Moritz Arndt University, Greifswald .Germany .Also a fellowship in neurovascular and spine surgery at Fujita Health University. Japan.

I have been an active member of various national and international societies, Including NSI , ACNS, NTSI, EMN etc. I have been invited /guest faculty at many national and international conferences and recipient of many National and international awards for oral and poster presentations.

Presently I am working President National Neurotrauma Society of India, after completing 3 years as Secretary and treasurer of NTSI as well. And has devised very interactive programmes for community participation in trauma prevention programmes both in urban as well as rural population. In 2009 I organized NTSI conference. Also working as secretary of Rajasthan neuro club, with monthly seminars and CME participated by local members.

I am life member of NSI and worked as Joint secretary for organizing various conferences of NSI in 1997 and 2010 also. I am participating regularly in NSI teaching course for last three year and also hosted August 2016 NSI course in S.M.S. Medical College. I am also a member of NSI academic society.

organize number of other conferences as President of National Neuro Endoscopic 2017, ACNS Neurotrauma Committee meeting and 2nd WFNS Military meeting and National skull Base 2016. Participated in most conferences and has been participant of various public awareness programmes. I am the core group member for developing TBI guidelines and started application of these guideline in Rajasthan.

I have published about 60 papers in various national and international journals. I also delivered 56 guest lecturers in various reputed national and international conferences of high credit.

I have attended following annual conferences (NSICON) in the last 5 years :

1. 62nd Annual Conference of Neurological Society of India, : December 12-15, 2013
2. 64th Annual conference of the neurological society of India (NSI), 17th to 20th December, 2015.
