

2023 NSI-YNFCON

10th & 11th JUNE - HYDERABAD

VENUE: N CONVENTION, MADHAPUR, HYDERABAD

2ND MEETING OF THE YOUNG NEUROSURGEON FORUM OF THE NEUROLOGICAL SOCIETY OF INDIA

THEME: HOW TO CHOOSE YOUR INSTRUMENTS AND EQUIPMENTS

Welcome Members of NSI

Dear friends,

Following the grand success of the 1st physical meeting of Young Neurosurgeons' Forum, Neurological Society of India (NSI) is organizing the next meeting of the YNF-NSI chapter in Hyderabad this summer. Over the years, we recognized the unmet need of a relevant platform for young neurosurgeons to discuss topics of relevance in shaping neurosurgery careers and practice.

We take immense pleasure and pride in inviting you for an academic weekend (2 days) with the 2nd annual meeting of the YNF-NSI forum. The theme of the conference is to help you begin & establish the neurosurgery career. It will be full of lectures, modules, and discussions: all relevant to young and aspiring neurosurgeons, under the guidance of top mentors. The primary objective of this meeting would be to encourage you to participate, suggest and discuss in an open forum. Details of the final program will be available soon at our official website: www.neurosocietyindia.com

Executive Committee

President: **Dr. YR Yadav**

Hon. Secretary: **Dr. K. Sridhar**

President Elect: **Dr. Daljit Singh**

Program Chairman: **Dr. Roopesh Kumar VR**
