## The Pink City

---

Jaipur, also known as the Pink City, is the capital of Rajasthan, India. It is a city rich in history, culture, and architectural beauty. The city was founded in 1727 by Maharaja Sawai Jai Singh II, and it gets its nickname from the pink color of the buildings in the old city.

One of the top attractions in Jaipur is the City Palace, which was built by the Maharaja of Jaipur in the 18th century. The palace is a beautiful blend of Rajasthani and Mughal architecture, and it houses a museum that displays various artifacts from the royal family.

Another must-visit attraction is the Hawa Mahal, also known as the Palace of the Winds. This stunning five-story palace was built in 1799 by Maharaja Sawai Pratap Singh, and its unique design allows for cool air to flow through the building, providing a respite from the hot Rajasthan sun.

Jaipur is also famous for its colorful bazaars, where you can find everything from textiles and jewelry to spices and street food. Some of the popular bazaars include Johari Bazaar, Tripolia Bazaar, and Bapu Bazaar.

For those interested in history and architecture, the Amber Fort is a must-visit destination. This magnificent fort was built in the 16th century and features a blend of Rajasthani and Mughal architectural styles. Visitors can enjoy a breathtaking view of the surrounding hills from the top of the fort.

In addition to its historic attractions, Jaipur is also known for its vibrant cultural scene. The city hosts several festivals throughout the year, including the Jaipur Literature Festival and the Jaipur International Film Festival.
