SKULL BASE - ENDOSCOPIC (CADAVERIC)

WORKSHOP

WORKSHOP FEES

₹ 10,000 + GST

CONVENER :
DR. DWARAKANATH SRINIVAS

- **COORDINATOR & FACULTY :**
  Dr. Ayyadurai R, Dr. Nikhil Modi, Dr. Nimesh Patel
- **FACULTY :**
  Dr. Prakash Nair, Dr. Jaskaran Singh, Dr.Adesh Shrivastava, Dr. Harshil Shah, Dr. Punit Trivedi

OBJECTIVES & LEARNING POINTS

- Gain comprehensive knowledge of skull base anatomy through endoscopic visualization and cadaveric dissection.
- Understand endoscopic endonasal approaches to the anterior, middle, and selected posterior skull base regions.
- Identify critical neurovascular structures and anatomical landmarks under endoscopic visualization.
- Practice endoscopic surgical techniques and develop orientation within narrow surgical corridors.
- Understand operative planning for complex skull base lesions and the selection of appropriate endoscopic approaches.
- Learn skull base reconstruction principles and strategies to minimize cerebrospinal fluid (CSF) leakage.
- Develop techniques to maximize surgical exposure while preserving critical structures and minimizing morbidity.
